

AMSIM Project Implementation Partner Application

Project Title : Amrit Mehsana Startup & Innovation Mission

The Amrit Mehsana Startup & Innovation Mission aims to promote Innovation and Creativity in students to enable them to find solutions for AtmaNirbhar Bharat through Startup/Entrepreneurship. The AIMSIM is working to Nurture and Empower Innovations ,Startups & Entrepreneurship in Mehsana district, Gujarat, India

Mehsana district has immense potential for economic growth and innovation. The mission aims to harness this potential by providing startups with necessary resources, mentorship, and networking opportunities.

Goals:

- Fostering the innovation and startups in Tier-2 and Tier-3 cities.
- Create a unified platform to bring together, evaluate, and promote innovations.
- Transform the district into a vibrant hub for entrepreneurship.
- Drive job creation and economic development.
- Address societal problems through a sustainable innovation approach.
